WHAT TO BRING TO CAMP

Items **brought to** camp should be **in** a backpack to keep things together **and** make for **easy** transport. A change of clothes is always a good idea to have in the back pack especially if it is a day they will be in the school yard with water toys.

WATER BOTTLE: Please bring a labeled **water** bottle to camp each **day**. There are ample opportunities **to refill** these **bottles throughout the day at touchless water filling stations**.

PLEASE MAKE SURE YOUR STUDENTS NAME IS IN ALL ITEMS.

PHONE NUMBERS & EMERGENCY CONTACTS:

Please make sure that we have correct phone numbers on file for the entire time your child is at camp. Children who become ill during the camp day need to be picked up as soon as possible. Although they are infrequent, emergencies do happen. We want to be able to reach you so that you are available for your child. The Supervisor will call parents/guardians immediately following initial care of a camper, when the camper requests that we call, or when they determine the camper should not return to the group in order to receive further medical attention *or* for other health

COMMUNICATION FROM CAMP: Because we remain focused on the health and safety of all campers, we try to limit the time we spend on the phone contacting parents about incidental health needs of campers, such as a stubbed toe or scraped knee. If the needs of your child require more care than our health care supervisor can provide, we will contact you..

SUN PROTECTION: Please apply sunscreen liberally to your camper before leaving home every morning, even if it looks like rain. Sunscreen application should become a routine for camp. We make a point to have campers re-apply throughout the day. Waterproof and sweat proof sunscreens work well for a busy camp day. Look for products that screen-out both UVA and UVB rays. Most pediatricians recommend an SPF of 30 or higher. We have found that sunscreen sticks work well for the face, especially around the eyes..

NUT FREE CAMP

- Camp is a **nut free** environment. Please ensure that snacks and lunch do not contain any nut products. . Please read all ingredients carefully when providing lunch and snacks for camp, this includes foods that have peanuts, peanut flour, peanut oil, almonds, filberts, Brazil nuts, cashews, hazelnuts, macadamia nuts, pecans, pine nuts, pistachios, and walnuts. **An allergy free table will be provided for any student with food allergies if the parent wishes for the student to sit there.
